### **Sick Tom Leveen**

Sick by Tom Leveen is an unconventional zombie read that is getting some backlash on Goodreads for a few of the characters' comments and behaviors. I'm going to state this from the get-go, just so my opinion is clear: I do not think Leveen's intent was to be unknowingly racist or for his writing to be portrayed as one of a bigot.

### **Sick by Tom Leveen - Goodreads**

Leveen keeps his story straightforward and fast-paced, with no padding but plenty of gore and deadly peril. It's much faster than its zombie-peer novels but (aside from a slight spin on the virus' workings) solidly performs in the genre instead of innovating.

My Review: Zombie books are hitting bookshelves left and right and are being snatched up just as quickly. The problem is finding one that stands out from the rest. Rated 3 out of 5 by Julie from Sick by Tom Leveen A pretty SICK zombie book. A jaw hangs loose from its skull, a fist-sized hole in a throat gapes wide, facial skin slides away from the bone and kids go and be like cannibalistic lawn mowers while corpses of students litter the sidewalk.
