A good site analysis will enable the client to exploit the full potential of a site. Effective planning and zoning assistance can maximize the potential for regulatory approvals and significantly reduce the owner's risk of economic loss. Consultants with planning or real estate backgrounds are frequently part of the site analysis team.

If you already have tens of pages on your site, you should do a proper information architecture analysis. Guiding people through the vast amount of information on offer is something that requires thought and research. Intuitive navigation doesn't happen by chance. Peep Laja and Brian Massey discuss optimizing your website's main navigation.
