This question is a way to break the ice and make you feel more comfortable during the interview process. However, some people might find this – and other interview questions about you – slightly stressful. If you're someone who doesn't like bragging about yourself, these kinds of questions can be difficult to answer.

How to Answer "Tell Me About Yourself" at an Interview

The advice that a writer should show, not tell, is often trotted out. However few people go on to explain how to accomplish this, something that drives me nuts, so I decided to make a video on how to show, not tell in fiction writing.

I believe you're referring to this popup about Chrome (browser), not the one in your picture about Google (search engine). I haven't come across a way to simply make Google remember my answer and stop asking me, but you can block it like any other ad with Adblock:

Is it possible to tell google to stop nagging me about chrome?

You can use Sysinternals Process Explorer to find the handle for any files that are open. Just select the Find menu and select Find Handle or DLL. In the dialog that opens enter the drive letter into the search box. The search results should show all of the files that are open from the drive and which process has them open.
