Lesson comments. Cardinal numbers are simple words like one, two, three, four, etc. Know them enables you to count objects. Even if you don't plan to learn as much math as the famous Russian mathematician Nikolay Lobachevsky knew, the sooner you start learning Russian numerals the better. You will use them in everyday life for counting, telling time and date, shopping or riding a bus.

#1 She pays more attention to her phone than you. If you inevitably spend every dinner glaring at her as she pivots between various social networks and replies to every text message that springs up, don't be too quick to write her behavior off as a sign of the times. Its possible that she's on an online dating or hookup app like Tinder.
