Transformers: Dark of the Moon is a 2011 American science fiction action film directed by Michael Bay and based on the Transformers toy line. It is the third installment in the live-action Transformers film series, and is the sequel to 2009's Revenge of the Fallen. It is also the first film in the series not to be co-produced by DreamWorks, leaving Paramount Pictures as the sole distributor.

Let's talk about crippling sexual dysfunction, baby. Since no arm of the U.S. government has made it their job to regulate this practice, the International Professional Surrogates Association (IPSA) has taken it upon themselves to make sure sexual surrogacy doesn't go the way of medical marijuana and become an excuse for people to get around inconvenient laws.
