Since 1981 we've designed and built a lot of bikes, we've pedaled countless miles and have happily welcomed many owners into the Moots family. At Moots riding has always been a way of life and it's our livelihood so rest assured we're committed to handcrafting bikes and components for many years to come.

### **About Us, Moots Factory Family, We Are Riders - Moots**

I've had dozens of close calls over the last decade. It seems like it's only a matter of time before my luck runs out.. Knowing this I still love to ride and won't stay off the trails because of it but I just can't understand the mindset of someone cheating blind corners at a high rate of speed simply assuming no-one is coming the other way.

Echelon - A line of riders seeking maximum drafting in a crosswind, resulting in a diagonal line across the road  
Endo (Short for "end-over-end") - A crash where the back wheel is lifted off the ground and the bike flips over its front wheel. It is also a trick in which you keep your bike up on its front wheel.

Fact: The History term "All-Terrain Vehicle" or ATV is used in a general sense to describe any of a number of small open motorized buggies and tricycles designed for off-road use. However, the American National Standards Institute (ANSI) defines an ATV as a vehicle that travels on low pressure tires, with a seat that is straddled by the operator, and with handlebars for steering control.
