There is a myth...in dealing with serious health-related addictive...problems, that more is always better. More education, more intense treatment, more confrontation will necessarily produce more change. Nowhere is this less true than with precontemplators. More intensity will often produce fewer results with this group. So it is particularly important to use careful motivational strategies ...

Introduction. Unix tr command copies the standard input to the standard output with substitution or deletion of selected characters. In addition it can squeeze repeating characters into a single character (with option -s).This makes tr a great preprocessing tool for the cut command which in many cases is way too primitive to be useful without this functionality.
