The seven rays is an occult concept that has appeared in several religions and esoteric philosophies in both Western culture and in India since at least the sixth century BCE. Also they are known as gods or angels from different planets or can be called fallen angels. In the west, it can be seen in early western mystery traditions such as Gnosticism and Mithraism; and in texts and iconic art ...

More recently we've been treated to a different alphabet, (often incorrectly attributed to Michael Okuda, scenic designer for TNG), one which corresponds to the phonemes of Klingon as described by Okrand in TKD. While the characters themselves are easily identifiable from background displays on TNG (assuming one has access to video equipment and a reasonably large television screen), there ...

Our minds are wired to select and interpret evidence supporting the hypothesis "I'm OK". A variety of mechanisms: conscious, unconscious, and social direct our attention to ignore the bad and highlight the good to increase our hope and reduce our anxiety. We work hard to retain the belief that "I'm OK" even when faced with significant losses.

A "general statement" "intended to develop a unified conceptual scheme for theory and research in the social sciences" was published by nine USA social scientists in 1951. Theory was to be based on a "theory of action" in which "the point of reference of all terms is the action of an individual actor or collective of actors".
