We have somewhat greater incentives than many other firms to figure out the answers to these questions as the partners and employees of Founders Fund are collectively the largest investors in our funds (by contrast, industry convention only requires VCs to put up 1% of the total capital of the fund – the perhaps misleadingly named GP “commitment”).

### **What happened to the future? - Founders Fund**

Task 1.2. What is the fundamental difference between experimental and correlational research? In a word, causality. In experimental research we manipulate a variable (predictor, independent variable) to see what effect it has on another variable (outcome, dependent variable).
