### **Slowing Down To The Speed**

Slowing down to speed up. But as technology evolves and speeds up our lives, something about the changes we face is different. It is a more extreme shift, more rapid and complex, and the challenges more difficult. In the face of this, leaders work harder and faster to cope. Considered virtues, we even select leaders based on these qualities.

This past Thursday I made a conscious effort to lighten my load. I had a visioning retreat to attend in the evening and I wanted to give my brain some time to unplug and digest everything from the week. Moving through my day-eating and fully enjoying breakfast, taking my dog for a walk, watering the lawn, getting a quote for some brake work--I noticed how much I enjoyed embracing a more ...
