Mintzberg said that managerial work was characterized by "brevity, variety, and fragmentation." Any attempt by managers to stick to a task usually failed because of constant interruptions. Today, managerial work has, if anything, become even more busy and stressful and more like a life manager's never ending day.

A major constraint with developing and maintaining rural roads is the fact that they are, unfortunately, rural. The areas where they are needed are often difficult to access, logistics become complicated, local contracting capability is limited, engineers are few and far between, and younger engineers especially, are not keen to leave the urban environment.

### **The problem with rural transport is that it is rural, the ...**
