Saab's turnkey Medical Care Solutions (MCS) are cost effective, flexible and can be quickly deployed into the international arena. Adapted to fit the individual requirements of each mission, Saab's medical care system is suitable for a range of field applications and meets the demands of remote or challenging areas.

Land force and Army solutions | Saab

The term military simulation can cover a wide spectrum of activities, ranging from full-scale field-exercises, to abstract computerized models that can proceed with little or no human involvement—such as the Rand Strategy Assessment Center (RSAC).. As a general scientific principle, the most reliable data comes from actual observation and the most reliable theories depend on it.
