Labour economics seeks to understand the functioning and dynamics of the markets for wage labour.. Labour markets or job markets function through the interaction of workers and employers. Labour economics looks at the suppliers of labour services (workers) and the demanders of labour services (employers), and attempts to understand the resulting pattern of wages, employment, and income.

Labour economics - Wikipedia

Principles of Animal Science is an introductory course into all faces of animal and food sciences. The course will introduce students to the world of animal agriculture and allow them to become more familiar with common terminology, physiology, practices and other aspects of many animal industries.
