Spend less on invoice processing and management. Manually processing a single invoice costs \$31 on average. More than half of invoices are still received on paper, and significant resources are required to input the data, track down the first approver, and move the invoice through the necessary checks.

Logistics is generally the detailed organization and implementation of a complex operation. In a general business sense, logistics is the management of the flow of things between the point of origin and the point of consumption in order to meet requirements of customers or corporations. The resources managed in logistics may include tangible goods such as materials, equipment, and supplies, as ...
