Solstice is the best mythological-based book that I've read all year! The events of Solstice take place in the future of Austin, Texas, where 99 degrees is the new low. The effects of global warming are becoming a reality with heat bubbles taking large numbers of lives and Austin's government worsening the global warming issue instead of helping.

### **Review: Solstice by P.J. Hoover | Imaginary Reads**

What made Solstice such a great read was the way P.J. Hoover used the extreme conditions of global warming as the books setting, and combined it with a fun and inventive new twist to a Greek myth. The bonus-we get to visit Hades and meet some unique characters and creatures pulled straight out of Greek Myth.
