Solution Sales

The Steps Involved in Solution Sales. Since solution sales demand a customer need, the first step involved in solution sales is to either identify, uncover or create a need for your customer. Identifying a customer need essentially entails determining what exact need your customer has as it relates to your product's ability to solve the need.

What Are Solution Sales? - thebalancecareers.com

The problem resolution is what constitutes a "solution". Solution selling is usually used in sales situations where products are just one of the elements that lead to a solution. Often the real solution develops after the sales process —as with software or large plant engineering and construction projects.

Solution selling - Wikipedia

The End of Solution Sales. In fact, a recent Corporate Executive Board study of more than 1,400 B2B customers found that those customers completed, on average, nearly 60% of a typical purchasing decision—researching solutions, ranking options, setting requirements, benchmarking pricing, and so on—before even having a conversation with a supplier.

The End of Solution Sales - Harvard Business Review

Solution selling is a sales methodology that became popular in the 1980s. The formula is pretty simple: The salesperson diagnoses her prospect's needs, then recommends the right products and/or services to fill those needs.
