The Universal Cognitive Aptitude Test (UCAT) The Universal Cognitive Aptitude Test, which is also published by Criteria Corp, seems to be a shortened variation of the CCAT. It focuses on math, logic and spatial/abstract reasoning and does not include the verbal part of the CCAT. It is a 20-minute test with 40 questions.

Free Criteria Cognitive Aptitude Test Practice: Sample ...

I had to do an aptitude test for a programming position myself recently; it was just normal iq questions you have to solve some sequences etc in an allotted amount of time; at the end there were some unicode & ascii questions which I didn't manage to finish off (still got the post so I don't think they were that important XP).

How do I prepare for an 'aptitude for programming' test?

What to Expect. Many engineering employers will ask you to undertake a series of assessments during your recruitment process. Along with engineering aptitude tests, you may be expected to take a personality test, a mechanical reasoning test, give a presentation, a case study or written exercise. Note: The assessments will depend on your engineering career and the employer you are applying to.

Psychometric Tests for Engineers, Personality Test and ...

The initial written test was split into an aptitude test, and a programming test. The aptitude test (with negative marking) had 10 objective questions that were to be solved in about half an hour. The programming test had two questions based on Conway's Game of Life. The interview was held

in a different city 2 days later.
