Solution Focused Therapy Definition

Building on a strengths perspective and using a time-limited approach, solution-focused brief therapy is a treatment model in social work practice that holds a person accountable for solutions rather than responsible for problems. Solution-focused brief therapy deliberately utilizes the language and symbols of “solution and strengths” in treatment and postulates that positive and long ...

What is Narrative Therapy? A Definition. Narrative therapy is a form of therapy that aims to separate the individual from the problem, allowing the individual to externalize their issues rather than internalize them. It relies on the individual's own skills and sense of purpose to guide them through difficult times ("Narrative Therapy", 2017).
