I have a rather involved Visual Studio solution (2010, but it shouldn't matter) that I need to rename. I want to rename the folders to match the new solution name, but I can't figure out a way to refactor the folder names automatically, and going through every single project file will be painful.

Proper way to rename solution (and directories) in Visual ...
In Version 10, IBM Security Guardium® takes a major step forward with intelligence and automation to safeguard data, enterprise-readiness features, and increased breadth of data sources, including file systems.
